

HANDPRINT BUTTERFLY

You will need:

Paints, paint brush, paper.

1. Choose coloured paper.
2. Fold the paper in half.
3. Paint one hand using the paints.
4. Place your painted hand onto the paper with fingers spread open. Make sure your thumb is in the middle, on the crease on the paper.
5. Remove hand, and then quickly fold the paper in half (like a book) and press firmly.
6. Open the paper to reveal a symmetrical butterfly shape.
7. Add antenna, eyes and patterns to the butterfly using paint-dipped fingers.
8. Set aside to dry.

Amazing!
